

Limespot Remover

Ready-to-use spray for removing lime water stains

Limespot Remover is a ready-to-use product that removes lime spots and other alkaline stains (e.g. fertilizers, radiator water, etc.) from a surface treated with Rubio Monocoat oil. We recommend applying this product immediately after the stain appears to prevent it from penetrating deeper. The product can also be used to remove white rings.

Do you have a stain of which you don't know the origin? Then always try to remove it first with the regular maintenance cleaners, Surface Care or All Natural Wood Cleaner Spray. If that doesn't help, take the Rubio Monocoat stain removers and use them in this order or until the stain is completely gone: Limespot Remover, Grease Remover and finally Tannin Remover.

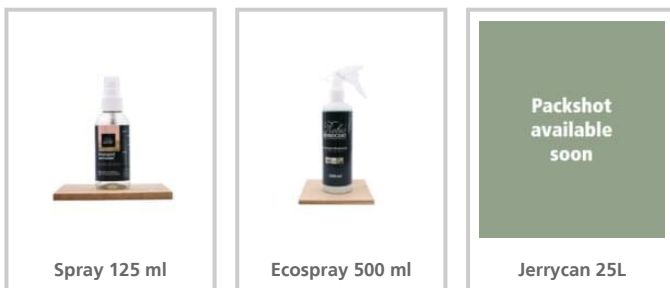

PRODUCT INFORMATION

› Technical characteristics

- Physical state at 20 °C: liquid
- Colour: clear, colourless
- Density: 1.012 kg/L
- Flash point: > 55°C
- Solubility in water: 100%

› Packaging

› Storage

The product can be stored for up to 12 months. Store in dry conditions and in the original packaging. Keep away from frost.

APPLICATION INFORMATION

› Instructions

****First attempt to remove the stain(s) with Surface Care or All Natural Wood Cleaner Spray (consult technical data sheet for use). If the stain is not removed, follow the steps below*.***

STEP 1. Spray Limespot Remover on the stain.

STEP 2. Let absorb for 2 to 3 minutes.

STEP 3. Dab dry with a cloth or a paper towel (do not wipe!).

STEP 4. Clean the whole surface thoroughly after. Use a damp cloth for this or clean with Surface Care.

› Tips & tricks

- For the removal of stubborn stains, you may need to repeat the procedure above several times until the stains have completely disappeared.
- After treatment with Limespot Remover or if the stain has penetrated too deeply into the wood, it may be necessary to locally reapply some oil in the original colour.
- Do not use this product on the following surfaces: untreated wood, wood treated with non-Rubio Monocoat products, Invisible Protector.
- Do not use Rubio Monocoat stain removers (Tannin, Grease and Limespot Removers) on surfaces pre-treated with reactive products (reactive stains).

Check the packaging and the safety data sheet for more details.
